## **Leading Project Management Company Launches Redesigned Website**

### **FOR IMMEDIATE RELEASE**

**(Clearwater, FL) Mar. 4, 2008** – PROGGEX, the go-to company for project management, announces the launch of its redesigned website, [www.proggex.com](http://www.proggex.com). The site launches in the company's fifth year of business, as PROGGEX continues to see double digit gains in revenue.

Founded in 2003, PROGGEX is a rapidly growing industry leader helping clients achieve high-quality results on time and within budget, no matter the size or type of project.

"The new website will let potential customers see how our extensive experience can work for them. Many clients come to us with a project that has gotten out of hand, too big or too expensive, and they may not have the time or manpower to get the project back on track," said Jim Stroh, co-founder and president of Proggex. "PROGGEX focuses on those problem projects and finishes them on time and within budget."

Project managers are certified by the Project Management Institute, an industry gold standard. PROGGEX's long track record of project management success covers a wide range of industries including pharmaceutical, financial, healthcare, biotech, non profit, call center, legal, education, transportation and construction.

PROGGEX experts can work onsite, seamlessly integrating with in-house teams, or manage all aspects of a client's project remotely, whether the client's workforce is spread across the country or around the globe.

Navigating the multitudes of differences in the still emerging global economy is one of PROGGEX's many strengths. They have successfully completed complex, multi-million dollar projects in North, Central and South America; Europe; Asia and Africa.

### **About PROGGEX**

PROGGEX is the go-to company for Project Management expertise. Founded in 2003, PROGGEX is a rapidly growing industry leader helping clients achieve high-quality results on time and within budget, no matter the size or type of project. The key to PROGGEX's success is staying laser focused on one idea—being the best at executing client projects. Unlike other firms, PROGGEX doesn't offer Project

Management as simply one of a broad range of business consulting services. Project Management is what they do, and it's all they do.

PROGGEX is headquartered in Clearwater, Florida, but their reach is global. The company has successfully overseen projects spanning multiple countries and requiring the negotiation of diverse cultures. For more information, please visit [www.proggex.com](http://www.proggex.com).
